Summary

A motivated Computer Engineering graduate with a strong foundation in Full Stack Development, data structures, and algorithms. Seeking an entry-level position to apply and expand technical skills in programming, system design, and problem-solving. Committed to leveraging academic knowledge and hands-on experience to contribute to innovative projects and gain practical insights in the field of computing and software development.

Education

Degree & Institution	Duration
Bachelor of Engineering (Computer Engineering) , KGCE, Karjat. CGPA: 7.75	Aug 2022 - June 2025
Diploma in Computer Engineering , G. V. Acharya, Shelu. Percentage: 80%	Apr 2020 - May 2022
Secondary School Certificate (10th Grade) , SVVM Dombivli. Percentage: 68%	Apr 2016 - May 2017

Trainings & Internships

Internshala – Online training on Ethical Hacking

July 2021 - Sept 2021

Basics of Information Security, Computer Networking and Web Development, Information Gathering and VAPT of some important vulnerabilities in the OWASP top 10, Automating VAPT, and Documenting and Reporting Vulnerabilities.

The Kiran Academy – Java Full Stack Development

May 2025 – Present

Currently pursuing full stack Java development training focused on hands-on projects and practical skills in modern web technologies.

Skills

Frontend: HTML5, CSS, JavaScript, React.js.

Backend: Core Java, Adv. Java (Spring Boot, Hibernate, Maven, JDBC).

Database: SQL, MySQL

Tools & Platforms: Eclipse (IDE), VS Code (IDE), Git, GitHub, Postman.

Other: REST APIs, MVC Architecture, JSON, JSP, JSTL.

Projects

Forensic Face Detection

Java, Spring Boot APIs, MySQL, React, AWS Recognition & S3

[GitHub Repository](#) — [Demo](#)

A full-stack web application that matches forensic sketches with real facial images to assist in suspect identification. Built using Java Spring Boot for the backend and React for a secure, responsive user interface.

SAMSTRACK

Java, Spring Boot APIs, MySQL, React

[GitHub Repository](#) — [Demo](#)

A Spring Boot REST API for managing student attendance, enabling faculty to record, view, and manage attendance by subject, reducing paperwork and improving accuracy.

Certification

[View Certificate](#)

Information Gathering, OWASP Top 10 vulnerability assessment, automated VAPT, Documenting and vulnerability reporting. - Internshala

Sept 11, 2021
